Create a short video about your classroom and building and share with others using the iMovie app.

Planning
1. Using the provided storyboard determine the focus of your video.
   (introduction to your classroom, building, grade level, hallway, etc.)
   Determine what photos or videos you need.
2. Using the iPad camera, take the following media:
   5 photos,
   3 videos (at least 15 seconds long).

Movie Creation
1. Open iMovie
2. Tap + and select New Project – Movie.
3. Choose a Theme. Tap the play button to preview.
4. Tap Create (top, right corner).

Video
1. Tap Video. Locate the video from the folders or All Videos.
2. Tap once on a video to select. A yellow box appears around the video.
3. Preview the video by tapping the play button.
4. Trim the video and drag the yellow handles to adjust.
5. Tap the down arrow to add to the timeline.

Images
1. Tap Photos. Locate the photos from All Photos or a folder.
2. Position the play head (white bar) in the timeline to the location where
   the image will be inserted.
3. Tap the image to insert.
4. Delete the image by tapping on the image and choosing the trash can.
5. Hold down on the image and drag to another location if needed.

Bonus Tip
- Add images from the Internet!
- Open Safari and go to a copyright friendly site like Photosforclass.com or
  Pics4learning.com
- Search for an image and tap to select or open.
- Tap and hold on the image and choose Save Image.
- The image will appear in your camera roll and then imported into iMovie just
  like a photo.
Audio
1. Tap Audio and select Theme Music.
2. Tap a title and tap the play button to preview.
3. Tap the arrow to place in the movie.
4. Notice it appears at the beginning. To change this, tap the audio in the timeline to select.

5. Select Foreground. It changes to a blue background. Tap and hold on the audio and then drag to desired location.

Narration
1. Tap the microphone in the bottom, right corner.
3. Tap record to record your voice.
4. Tap stop. Choose to retake, review or accept.
5. Tap to select the audio. Tap the volume control to adjust the volume.

Titles
1. Tap a video or image in the timeline.
2. Choose Title. Select a title style.
3. Choose Center or Lower for title location.
4. Tap the letters in the preview pane to edit. Keyboard will appear.
5. Tap Done. To edit at any time, tap the words.

Settings
Tap the gear in the bottom, right corner.
Adjust various settings including the theme, transition and filters.

Save
1. Tap the arrow in the top left corner.
2. Name your project by tapping My Movie, delete the words, type your title and press Done.

Share and Publish
1. Tap the share icon.
2. Choose Save Video.
3. The video will now appear in your camera roll.

*Upload the video to Dropbox and share the link.
*Upload the video to Dropbox and then to Edmodo.
*Airdrop the video to other devices.
